# Lessons Learned

- DISA Program cuts cost of system by at least 50%.
- Departments need technical support on staff or available.
- DISA equipment not always as listed, call before submitting request.

# Results Continued

- Cost to PD less than \$1,000.
- All reports can now be filed electronically.
- Magistrates Office at PD linked to County Offices.
- Room for expansion.

# End Results

- 9 workstations delivered and installed.
- 1 spare and 1 for PIN terminal delivered.
- File server built and installed.
- All stations linked to server and share common Laser Jet Printer. 2 individual printers.
- 2 workstations for patrol officer.

# OTHER PROJECT

- Polk Co., North Carolina
- Missouri Dept. of Public Safety
- Ohio Co., West Virginia

# POLK COUNTY

- Polk Co., NC
- Expanded system
- Added 9 complete units to present system

# Missouri Dept. of Public Safety

- Approximately 200 units
- Software to be installed
- To be distributed to Law Enforcement Agencies for electronic reporting of statistics
- In progress

# Ohio Co., West Virginia

- NO Computers in Department.
- Goal build complete network system using as many assets from DISA as possible.
- Status in progress.
